OUR WEB & IT PROCESS

Our IT Order Process comprises of 4 easy & simple steps that save you a great deal of time.

1
Design Brief

Client chooses one of the web design packages available. Then the client explains the details and concept of a project. Client will be asked about his industry, his ideas, theme and key colors to be used.

2
Conceptualization

Brainstorming sessions and research is conducted to come up with unique concepts. Multiple concepts according to the selected package are made at this point.

3
First Draft & Revision

The initial concepts are created and shared with the client for review. The client selects a design and/or provides feedback.
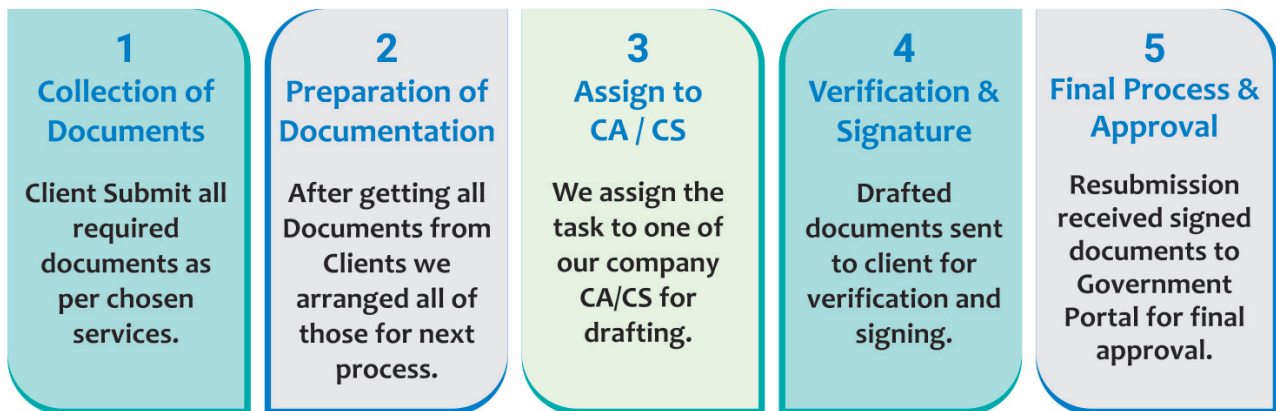

4
Final Delivery

After going through all the stages and feedback, the design is finally launched and/or delivered as per the requirement.

OUR LEGAL PROCESS
